

March 25, 2020

Good day to all of you, Hearst residents. Our resilient community is threatened by the COVID-19 pandemic and residents must be protected at all costs. It is therefore imperative to follow the recommendations of the health authorities by practicing isolation, physical distancing and obviously, hand washing. I sincerely thank you for exercising good citizenship.

I would like to applaud all the workers serving our community and the actions taken by the various merchants. I must also commend the gestures of solidarity of the many volunteers offering support to the people confined to their home, and others in need.

An exceptional situation like the one we are experiencing requires exceptional measures. Rest assured that your Municipal Council, together with the municipal administration, is monitoring emerging information and ready to respond to the challenges ahead.

Everyone has a role to play in order to mitigate the impacts of COVID-19. Let's stay home and save lives!

Roger Sigouin  
Mayor
